SUBJECT AND TITLE INDEX

Teaching and Learning in Medicine
Volume 11–1, 1999 through 13–4, 2001

Editor's note: This is a cumulative Subject and Author Index of all articles appearing in Teaching and Learning in Medicine from Volume 11, No. 1, 1999 through Volume 13, No. 4, 2001. The Subject Index begins on page 274, and the Author Index begins on page 284. ***Refer to Volume 10, No. 4, for the first 10 years of the cumulative Subject and Author Index (from Volume 1, 1989 through Volume 10, 1998). You may also view the complete Subject and Author Indexes at our website http://edaff.siumed.edu/tlm.***

We hope that both indexes will help researchers and consumers of research in medical education find their way to the resources in Teaching and Learning in Medicine.

Note: All categories of our index are listed below. Categories for which there are no published articles entered (from Volume 11, No. 1, through Volume 13, No. 4, 2001), may be viewed in Volume 10, No. 4, 1998, or on our website http://edaff.siumed.edu/tlm.

Following are the subjects used in the Subject/Title Index:

Admissions	274	Learning	279
Ambulatory care education	274	Licensure	279
Area health education center	*	Medical education, broad issues	279
Assessment, physicians	274	Medical education, international	*
Assessment, residents	274	Medical ethics	280
Assessment, students	274	Medical humanities	280
Biostatistics	274	Medical students' attitudes and values	281
Career choice and career patterns	274	Medical students, minority	281
Clinical education	275	Medical students' problems	281
Clinical reasoning skills/Cognitive skills	275	Medicolegal issues	281
Cognitive Science	275	Nutrition	281
Combined degree programs	275	Objective structured clinical examination, OSCE	281
Community medicine (see also Public health)	275	Obstetrics/gynecology	281
Computer software	*	Pathology	*
Computers in medical education	276	Patient education	281
Computers in teaching and evaluation	*	Patient instructors	281
Continuing medical education	276	Pediatrics	281
Critical appraisal of the literature	276	Physical diagnosis courses	*
Curricula, multiple sites	276	Preclinical science	281
Curriculum	*	Preventive medicine	*
Curriculum change	276	Primary care	281
Curriculum database	277	Problem-based learning	281
Curriculum design and evaluation	277	Psychiatry and psychosocial skills	282
Emergency medicine	*	Psychomotor skills	282
Evaluation, clinical	*	Public health (See also Community medicine)	282
Evaluation methods	277	Research methodology	282
Faculty attitudes and values	277	Research skills	282
Faculty characteristics and skills	278	Resident teaching skills	282
Faculty development	278	Standardized patients	282
Family medicine/family practice	278	Student characteristics and skills	283
Geriatrics	278	Student disabilities	*
Graduate medical education	278	Surgery	*
Internal medicine	278	Teaching skills	283

Admissions

Asian/Pacific Islander Women in Medical Education: Personal and Professional Challenges, (Wear) **2000, 12:**157–164
Do Interviews Really Play an Important Role in the Medical School Selection Decision? (Van Susteren & Others) **1999, 11:**66–74
Minority Students, Affirmative Action, and the Admissions Process: A Literature Review, 1987–1998, (Tekian) **2000, 12:**33–42
The Audition Elective and Its Relation to Success in the National Resident Matching Program, (Vogt & Others) **2000, 12:**78–80
Unique Issues of Older Medical Students, (Kick & Others) **2000, 12:**151–156

Ambulatory care education

Ambulatory Morning Report: An Underutilized Educational Modality, (Demopoulos & Others) **2001, 13:**49–52
An Encounter-Based Analysis of the Nature of Teaching and Learning in a 3rd-Year Medical School Clerkship, (Carney & Others) **2000, 12:**21–27
Book Review of *Community Based Medical Education*, by Noel Boaden and John Bligh, (Kalishman) **2000, 12:**106–108
Book Review of *Precepting Medical Students in the Office*, edited by Paul M. Paulman, Jeffrey L. Susman, Cheryl A. Abbound, (Lazarus) **2001, 13:**137–138
Interdisciplinary Education in a Community-Based Geriatric Evaluation Clinic, (Rosher & Others) **2001, 13:**247–252
Preceptor–Student Interactions in an Ambulatory Clerkship: Gender Differences in Student Evaluations of Teaching, (Leone-Perkins & Others) **1999, 11:**164–167
Student Perspectives on Primary Care Preceptorships: Enhancing the Medical Student Preceptorship Learning Environment, (Fernald & Others) **2001, 13:**13–20

Assessment, physicians

Assessing the Measurement Properties of a Clinical Reasoning Exercise, (Wood & Others) **2000, 12:**192–196
Book Review of *Innovative Simulations for Assessing Professional Competence—From Paper and Pencil to Virtual Reality*, by Ara Tekian, Christine H. McGuire, William C. McGaghie, et al., (Gaba) **2000, 12:**165–166
Multiply or Average? A Method of Exploring Interrelations Between Different Tests, (Hobsley) **1999, 11:**249–253
Preceptor–Student Interactions in an Ambulatory Clerkship: Gender Differences in Student Evaluations of Teaching, (Leone-Perkins & Others) **1999, 11:**164–167
The Script Concordance Test: A Tool to Assess the Reflective Clinician, (Charlin & Others) **2000, 12:**185–191

Assessment, residents

Assessing the Measurement Properties of a Clinical Reasoning Exercise, (Wood & Others) **2000, 12:**192–196
Book Review of *Innovative Simulations for Assessing Professional Competence—From Paper and Pencil to Virtual Reality*, by Ara Tekian, Christine H. McGuire, William C. McGaghie, et al., (Gaba) **2000, 12:**165–166
Multiply or Average? A Method of Exploring Interrelations Between Different Tests, (Hobsley) **1999, 11:**249–253
Residency Program Director Evaluations Do Not Correlate With Performance on a Required 4th-Year Objective Structured Clinical Examination, (Kahn & Others) **2001, 13:**9–12
The Script Concordance Test: A Tool to Assess the Reflective Clinician, (Charlin & Others) **2000, 12:**185–191

Assessment, students

$100,000 Shopping Spree: The Home Version, (Mavis & Others) **1999, 11:**44–47
A Small Group, Problem-Based Learning Approach to Preparing Students to Retake the USMLE Step 1 Examination, (Walters & Others) **1999, 11:**85–88
A Standardized Patient Assessment of Ambulatory Clerks: Effect of Timing and Order of the Clerkship, (Thomas & Shatzer) **2000, 12:**179–184
A Survey of Student Assessment in U.S. Medical Schools: The Balance of Breadth Versus Fidelity, (Mavis & Others) **2001, 13:**74–79
An Integrated Final Examination in Preclinical Subjects for Medical Students: 10 Years of Experience, (Mårtenson & Others) **1999, 11:**26–33
Assessing the Measurement Properties of a Clinical Reasoning Exercise, (Wood & Others) **2000, 12:**192–196
Assessment in Problem-Based Learning Medical Schools: A Literature Review, (Nendaz & Tekian) **1999, 11:**232–243
Book Review of *Innovative Simulations for Assessing Professional Competence—From Paper and Pencil to Virtual Reality*, by Ara Tekian, Christine H. McGuire, William C. McGaghie, et al., (Gaba) **2000, 12:**165–166
Effect of Varying Amounts of Feedback on Standardized Patient Checklist Accuracy in Clinical Practice Examinations, (Wallace & Others) **1999, 11:**148–152
Effective Implementation of Continuous Quality Improvement Methodology to Expedite Clerkship Grade Submission, (Stagnaro-Green & Others) **1999, 11:**34–38
Error Patterns of 3rd-Year Medical Students on the Cardiovascular Physical Examination, (Ortiz-Neu & Others) **2001, 13:**161–166
Establishing The Validity Of Test Score Inferences: Performance Of 4th-Year U.S. Medical Students On The ECFMG Clinical Skills Assessment, (Ayers & Boulet) **2001, 13:**214–220
Grade Inflation in Internal Medicine Clerkships: Results of a National Survey, (Speer & Others) **2000, 12:**112–116
Humanism—Is Its Evaluation Captured in Commonly Used Performance Measures? (Coutts & Rogers) **2000, 12:**28–32
Measuring Critical Thinking in Problem-Based Learning Discourse, (Kamin & Others) **2001, 13:**27–35
Multiply or Average? A Method of Exploring Interrelations Between Different Tests, (Hobsley) **1999, 11:**249–253
Prediction Accuracy and Financial Savings of Four Screening Tests for a Sequential Test of Clinical Performance, (Petrusa & Others) **2000, 12:**4–13
Residency Program Director Evaluations Do Not Correlate With Performance on a Required 4th-Year Objective Structured Clinical Examination, (Kahn & Others) **2001, 13:**9–12
The Script Concordance Test: A Tool to Assess the Reflective Clinician, (Charlin & Others) **2000, 12:**185–191

Biostatistics

Book Review of *Multivariable Analysis – A Practical Guide for Clinicians*, by Mitchell H. Katz, (Dawson) **2000, 12:**108
Multiply or Average? A Method of Exploring Interrelations Between Different Tests, (Hobsley) **1999, 11:**249–253
Two Techniques for Teaching the Estimation of Prior Probabilities, (Upshur) **2000, 12:**141–144

Career choice and career patterns

Book Review of *Time to Heal: American Medical Education From the Turn of the Century to the Era of Managed Care*, by Kenneth M. Ludmerer, (Walsh) **2000, 12:**227–230
Minority Students, Affirmative Action, and the Admissions Process: A Literature Review, 1987–1998, (Tekian) **2000, 12:**33–42

Preparation for Practice: A Survey of Med-Peds Graduates, (Burke & Others) **1999, 11:**80–84
Qualitative Assessment of the Impact of Health Care Reform on the Availability of Clinicians for Preclinical Medical Instruction, (Weeks & Des Càteaux) **2000, 12:**43–51
Understanding and Improving Medical Student Specialty Choice: A Synthesis of the Literature Using Decision Theory as a Referent, (Reed & Others) **2001, 13:**117–129

Clinical education

Ambulatory Morning Report: An Underutilized Educational Modality, (Demopoulos & Others) **2001, 13:**49–52
Book Review of *Collaborative Clinical Education: The Foundation of Effective Health Care*, by James Westberg & Hilliard Jason, (Tiberius) **1999, 11:**59–60
Effect of Varying Amounts of Feedback on Standardized Patient Checklist Accuracy in Clinical Practice Examinations, (Wallace & Others) **1999, 11:**148–152
Mapping the Cognitive Environment of a Residency: An Exploratory Study of a Maternal and Child Health Rotation, (Mitchell & Others) **1999, 11:**6–11
Promoting Collaborative Teaching in Clinical Education, (Prystowsky & Others) **2001, 13:**148–152
Reinforcement of Occupational Medicine History Taking: A Success Story, (Storey & Others) **2001, 13:**176–182
The Most Valuable Critical Incidents in a 4th-Year Acting Internship in Surgery, (Valentino & Others) **1999, 11:**75–79
Using A Lego™ Based Communications Simulation to Introduce Medical Students to Patient-Centered Interviewing, (Harding & D'Eon) **2001, 13:**130–135
Using Clinical Skills Workshops to Teach Complex Assessment Skills in Women's Health (Kwolek & Others) **1999, 11:**105–109

Clinical reasoning skills/Cognitive skills

An Encounter-Based Analysis of the Nature of Teaching and Learning in a 3rd-Year Medical School Clerkship, (Carney & Others) **2000, 12:**21–27
Can A Brief Clinical Practicum Influence Physicians' Communications With Patients About Alcohol and Drug Problems? Results of a Long-Term Follow-Up, (Siegal & Others) **2000, 12:**72–77
Coordination of Analytic and Similarity-Based Processing Strategies and Expertise in Dermatological Diagnosis, (Kulatunga-Moruzi & Others) **2001, 13:**110–116
Do Underrepresented Minority Medical Students Differ From Nonminority Students in Problem Solving Ability? (Tekian & Others) **2001, 13:**86–91
Error Patterns of 3rd-Year Medical Students on the Cardiovascular Physical Examination, (Ortiz-Neu & Others) **2001, 13:**161–166
Grade Inflation in Internal Medicine Clerkships: Results of a National Survey, (Speer & Others) **2000, 12:**112–116
Influence of a Single Example on Subsequent Electrocardiogram Interpretation, (Hatala & Others) **1999, 11:**110–117
Integrating a Domestic Violence Education Program Into a Medical School Curriculum: Challenges and Strategies, (Weiss & Others) **2000, 12:**133–140
Measuring Critical Thinking in Problem-Based Learning Discourse, (Kamin & Others) **2001, 13:**27–35
Qualitative Assessment of the Impact of Health Care Reform on the Availability of Clinicians for Preclinical Medical Instruction, (Weeks & Des Càteaux) **2000, 12:**43–51
Research Strategy for Problem-Based Learning: Cognitive Science or Outcomes Research? (Colliver) **1999, 11:**64–65
Screen-Based Anesthesia Simulation With Debriefing Improves Performance in a Mannequin-Based Anesthesia Simulator, (Schwid & Others) **2001, 13:**92–96
Standardized Patient Assessment of Ambulatory Clerks: Effect of Timing and Order of the Clerkship, (Thomas & Shatzer) **2000, 12:**179–184
The Explanation of Clinical Concepts by Expert Physicians, Clerks, and Advanced Students, (van de Wiel & Others) **1999, 11:**153–163
Using a Standardized Family to Teach Clinical Skills to Medical Students, (Clay & Others) **2000, 12:**145–150
Using Clinical Skills Workshops to Teach Complex Assessment Skills in Women's Health, (Kwolek & Others) **1999, 11:**105–109
What Happens When Patients Teach? (Gecht) **2000, 12:**167–171

Cognitive Science

Assessing the Measurement Properties of a Clinical Reasoning Exercise, (Wood & Others) **2000, 12:**192–196
Book Review of *How People Learn: Brain, Mind, Experience, and School*, edited by John D. Bransford, Ann L. Brown, and Rodney R. Cocking, (Walters) **2001, 13:**207–208
Book Review of *Innovative Simulations for Assessing Professional Competence—From Paper and Pencil to Virtual Reality*, by Ara Tekian, Christine H. McGuire, William C. McGaghie, et al., (Gaba) **2000, 12:**165–166
Book Review of *Learning and Individual Differences: Process, Trait, and Content Determination*, edited by Phillip L. Ackerman, Patrick C. Kyllonen, & Richard D. Roberts, (Williamson) **2000, 12:**58–60
Book Review of *Sorting Things Out—Classification and Its Consequences* by Geoffrey C. Bowker and Susan Leigh Star, (Koschmann) **2001, 13:**138–139
Coordination of Analytic and Similarity-Based Processing Strategies and Expertise in Dermatological Diagnosis, (Kulatunga-Moruzi & Others) **2001, 13:**110–116
Identifying Core Obstetric and Gynecologic Skills Required of, and Used by, Graduates of the Faculty of Medicine and Health Sciences, United Arab Emirates University, (Rizk & Elzubeir) **2000, 12:**66–71
Influence of a Single Example on Subsequent Electrocardiogram Interpretation, (Hatala & Others) **1999, 11:**110–117
Prediction Accuracy and Financial Savings of Four Screening Tests for a Sequential Test of Clinical Performance, (Petrusa & Others) **2000, 12:**4–13
Research Strategy for Problem-Based Learning: Cognitive Science or Outcomes Research? (Colliver) **1999, 11:**64–65
The Collaborative Health Care Team: The Role of Individual and Group Expertise, (Patel & Others) **2000, 12:**117–132
The Explanation of Clinical Concepts by Expert Physicians, Clerks, and Advanced Students, (van de Wiel & Others) **1999, 11:**153–163
